To whom it may concern,

I have been contacted by Lisa Hammock regarding water service to single family housing lots that are being planned for development on the North end of the West side of Borcharding Road between W Deputy Pike and Chicken Run Road.

Dupont Water Company currently services single family houses on Borcharding Road in this area and can make water service available for the planned development of houses on the West side of Borcharding Road.

Dupont Water Company is currently conducting an evaluation of our infrastructure in this area to determine if any upgrades may be required.

If anyone has any questions feel free to contact me.

Respectively,

Ron Hendershot
General Manager
Dupont Water Company
