Mayor, Bob Courtney – ARPA Local Plan Update: Approximately 19% of the \$2.7 million, which is \$500,344.65, remains to be expended. The city has funds left in the Stormwater Infrastructure and Planning to be obligated by the end of 2024 and expended by the end of 2026. A small portion of the Recovery of Tourism funds will need to be obligated and expended, and a small amount of Park Improvements that had been appropriated to be obligated and spent.

Deputy Mayor, Mindy McGee – CCMG Update: At the moment, there are two CCMG projects in progress, both of which are close to completion. The first project entails collaborating with O'Mara on streets, some in the uptown area and some in the downtown area. Blackmore Street has been fully completed, but there is a need to return to repair a storm sewer cover and fix a drainage issue at the intersection of Blackmore and Ross Street. Michigan Road is completed with most of the striping finished. Second Street and Mulberry Street worked in conjunction with the Economic Development Department, DG Market, Mulberry Plaza, and Legacy Park on a CCMG project related to sidewalks. This project is almost finished, except for the striping. Concrete work on West Street is done, except for milling, paving, and striping. The second CCMG project was conducted by Libs Paving and is within the footprint of the water project. The entire Sunrise neighborhood, including Hatcher Hill, has been completed with new roads. Franks Drive, Hillcrest, Wildwood, and Maplewood have all commenced, and the concrete work is done. East Street is also completed.

Mindy gave updates on additional traffic issues. Traffic studies have been requested for several areas, including Vaughn Drive, the Broadway intersection, the west end coming into town, and further east. The city aims to assess speeds and traffic volume in these areas. The city has two Federal Highway grants going on as

well for the Main Street corridor. The first one will go out to bid and it's set for March 2026. East Main Street will undergo striping changes to improve traffic flow, and bid packages are being prepared for the project.
